Security Federal Corporation

Fourth Quarter & Annual Earnings Release

Aiken, South Carolina (January 31, 2025) - Security Federal Corporation (the "Company") (OTCBB: SFDL), the holding company for Security Federal Bank (the "Bank"), today announced earnings and financial results for the guarter and year ended December 31, 2024.

The Company reported net income available to common shareholders of \$3.0 million, or \$0.94 per common share, for the quarter ended December 31, 2024, compared to \$3.6 million, or \$1.12 per common share, for the fourth quarter of 2023. Year-to-date net income available to common shareholders was \$8.9 million, or \$2.77 per common share, for the year ended December 31, 2024, compared to \$10.2 million, or \$3.14 per common share, for the year ended December 31, 2023. Both the quarterly and year-to-date decreases in net income available to common shareholders were primarily due to increases in the provision for credit losses and non-interest expense, as well as the payment of preferred stock dividends during 2024, which were partially offset by increases in net interest income and non-interest income.

Fourth Quarter Financial Highlights

- Net interest income increased \$818,000, or 7.8%, to \$11.3 million as the increase in interest income exceeded the increase in interest expense.
- Total interest income increased \$1.9 million, or 10.1%, to \$20.2 million while total interest expense increased \$1.0 million, or 13.0%, to \$9.0 million during the fourth quarter of 2024 compared to the same quarter in 2023. The increase in interest income and interest expense was the result of higher market interest rates and increased average interest-earning assets and interest-bearing liabilities.
- Non-interest income increased \$77,000, or 2.8%, to \$2.8 million during the fourth quarter of 2024 compared to the same quarter in the prior year primarily due to an increase in gain on sale of loans.
- Non-interest expense increased \$472,000, or 5.2%, to \$9.5 million during the quarter ended December 31, 2024, compared to the same quarter in the prior year primarily due to increases in salaries and expenses for employee benefits and cloud services.

Full Year Comparative Financial Highlights

- Net interest income increased \$2.6 million, or 6.6%, to \$41.8 million when compared to the prior year primarily due to increases in interest income on loans and interest income from our overnight time deposit account with the Federal Reserve Bank, which were partially offset by an increase in interest expense on deposits.
- Total interest income increased \$12.3 million, or 19.0%, to \$77.3 million while total interest expense increased \$9.8 million, or 37.9%, to \$35.5 million.
- Non-interest income increased \$857,000, or 9.1%, to \$10.2 million primarily due to increases in gain on sale of loans, trust income and ATM and check card fee income.
- Non-interest expense increased \$2.2 million, or 6.2%, to \$38.1 million primarily due to increases in salaries and employee benefits expense and cloud services.

Credit Quality

- The Bank recorded a \$1.5 million provision for credit losses on loans and a \$110,000 reversal of provision for credit losses on unfunded commitments, resulting in a total provision for credit losses of \$1.4 million during 2024 compared to a \$601,000 provision for credit losses on loans and a \$355,000 reversal of provision for credit losses on unfunded commitments, resulting in a total provision for credit losses of \$246,000 during 2023.
- Non-performing assets were \$7.6 million, or 0.47% of total assets, at December 31, 2024, compared to \$6.8 million, or 0.44% of total assets, at December 31, 2023.
- The allowance for credit losses as a percentage of gross loans was 1.98% at both December 31, 2024, and 2023.

Balance Sheet Highlights and Capital Management

- Total assets were \$1.6 billion at December 31, 2024, an increase of \$62.1 million, or 4.0%, during 2024.
- Total loans receivable, net was \$687.1 million at December 31, 2024, an increase of \$64.6 million, or 10.4%, during 2024.
- Investment securities decreased \$39.9 million, or 5.7%, to \$660.8 million at December 31, 2024, as maturities and principal paydowns of investments exceeded purchases during 2024.
- Deposits increased \$129.0 million, or 10.8%, during the year to \$1.3 billion at December 31, 2024.
- Borrowings decreased \$77.1 million, or 45.3%, during the year to \$93.0 million at December 31, 2024, primarily due to the repayment of borrowings with the Federal Reserve Bank Term Funding Program and the redemption of our 10-year subordinated debentures in the amount of \$16.5 million on their call date.
- Common equity book value per share increased to \$31.21 at December 31, 2024, from \$27.69 at December 31, 2023.

Security Federal has nineteen full-service branch locations in Aiken, Ballentine, Clearwater, Columbia, Graniteville, Langley, Lexington, North Augusta, Ridge Spring, Wagener and West Columbia, South Carolina and Evans and Augusta, Georgia. A full range of financial services, including trust and investments, are provided by the Bank and insurance services are provided by the Bank's wholly owned subsidiary, Security Federal Insurance, Inc.

Security Federal Corporation, parent company of Security Federal Bank, is pleased to announce that a quarterly dividend of \$0.15 per share will be paid on or about March 15, 2025, to shareholders of record as of February 28, 2025. This is the one hundred thirty-seventh consecutive quarterly dividend to shareholders since the Bank's conversion in October of 1987 from a mutual to a stock form of ownership.

The Company is also pleased to announce that a special dividend of \$0.10 per share will be paid to shareholders of record as of March 31, 2025, payable on or about April 15, 2025.

These dividends were declared as a result of the Bank's continued profitability.

Navigating Economic Challenges

The banking industry faced challenges in 2024 due to the lingering effects of interest rate changes initiated by the Federal Reserve Bank in its efforts to moderate inflation. Deposit retention became more competitive as customers sought higher yields in alternative investments, contributing to increased funding costs. This squeezed net interest margins and ultimately impacted our earnings. Higher borrowing costs slowed loan growth, particularly in residential mortgage, commercial real estate, and small business lending—core components of our portfolio.

Navigating challenges is an ongoing part of our responsibilities. The subprime loan crisis in 2008-09 and the Covid pandemic that occurred 5 years ago are notable examples. Compounding these challenges are the actions taken by the government to address those crises. The Federal Reserve took dramatic action to address inflation by increasing interest rates several times from March 2022 to May 2023, followed by rapid interest rate decreases beginning in September 2024. Massive actions taken by the federal government do not happen in a vacuum; they are particularly impactful to financial institutions. The nature of these events is unpredictable, but it is inevitable that they will recur.

Risk management is a major focus for the bank. While we cannot time the next crisis or major event, we focus on providing the bank with as much of a safety buffer as is reasonable. Two notable ways that we do this are through our strong capital level and above-average loan loss reserve.

Responding to Hurricane Helene

In addition to economic challenges, Hurricane Helene significantly impacted our primary markets in Georgia and South Carolina. The storm caused extensive damage to homes, businesses, and infrastructure, increasing credit concerns as borrowers faced financial hardships. As a community-focused institution, we responded proactively, assisting affected customers through loan modifications, financial relief programs, and disasterrelated assistance. We also addressed short-term liquidity demands as individuals and businesses withdrew savings to cover repair costs and lost income.

While some of our branch locations sustained minor physical damage and service disruptions, our team's dedication ensured continuity of operations and support for impacted communities.

A Commitment to Preservation and Growth

We were honored to receive the prestigious Marguerite Williams Award from The Georgia Trust for Historic Preservation for the restoration of our location at 1109 Broad Street located in downtown Augusta. This recognition, awarded to the single most impactful preservation project in Georgia, highlights our commitment to community revitalization and economic development through historic preservation efforts. As the recipient of this distinguished award, we take great pride in contributing to the city's cultural heritage while fostering growth and sustainability.

We continue to focus on growing and managing the bank in a safe and sound manner. As a result of our continued growth and profitability we are increasing our quarterly dividend. Additionally, we are issuing a special dividend to shareholders of ten cents per share in the second quarter of this year. Thank you for your continued trust and support.

"Marguerite Williams Award"

We were honored to receive the prestigious "Marguerite Williams Award" from The Georgia Trust for Historic Preservation for the restoration of our location at 1109 Broad Street located in downtown Augusta. This recognition, awarded to the single most impactful preservation project in Georgia, highlights our commitment to community revitalization and economic development through historic preservation efforts. As the recipient of this distinguished award, we take great pride in contributing to the city's cultural heritage while fostering growth and sustainability.
